EXPERIENCE

➤ FREELANCING (2020-2022)

During the COVID-19 lockdown period, I worked as an independent contractor, utilizing my Engineering background to learn and develop skills in UI technologies. I created and posted several mini projects on GitHub to showcase my ability to design and develop user interfaces using HTML, CSS, and JavaScript.

➤ JR. QUALITY ENGINEER (2019-2020)

Ensured that a company's products and processes met established quality standards.

Identified areas for improvement and developed and implemented quality control systems.

Utilized technical skills in Production management.
